

To Adviser to the President of the Russian Federation,
Her Excellency Elena Alexandrovna Yampolskaya,

Brasilia, Brazil, November 27th, 2024

Your Excellency Elena Alexandrovna Yampolskaya,

On behalf of University of Brasília, I would like to express my sincere gratitude for the opportunity for the students as well as academic staff of our university to participate in the online Russian language course offered by Institute of Russian language and culture of Lomonosov Moscow State University to Brazilian participants.

This initiative, preceding the First Forum of Brazilian, Belorussia and Russian Rectors and BRICS University Rector's Forum Moscow organized by the Embassy of Brazil with partnership of Lomonosov Moscow State University, launches an invaluable foundation for strengthening cooperation between University of Brasília and our Russian partners.

This course proved highly beneficial throughout the visit, enabling meaningful interactions and fostering a stronger sense of connection with our Russian counterparts.

It is our hope that such programs will continue and expand, as they play a crucial role in enhancing understanding and strengthening ties with our partners from Russia.

The University of Brasília proudly signed a total of 11 agreements with 8 institutions across Russia during this mission. We are confident that similar language initiatives can further reinforce these new partnerships and deepen our collaboration in research, education, and beyond.

Thank you once again for your commitment to building international connections and for the warm welcome extended to Brazilian participants.

With appreciation and best wishes,

Rozana Reigota Naves
Rector
